

SassaNews - Google News Edition updated

2004-03-22 08:45:32 by kevin

Add Google News search results with your own search words to your site as headlines with an RSS feed using the updated version of SassaNews - Google News edition. Version 1.1 accomodates recent changes in the Google News search results format that prevent version 1 from working correctly and provides greater adaptability for future changes.

Preview it [here](#). Download it [here](#).
